

Thursday, October 23, 2025

THEME 1: Hemophilia Advances
Moderator: Leslie Padrnos, M.D.

7:00 AM **Registration, Breakfast, and Exhibitor**
Valley Ho Room I-II (Breakfast and Exhibits)
Main Place Courtyard (Overflow Breakfast)
Valley Ho II Foyer (Registration)

7:55 AM **Welcome and Introduction**
SoHo Room
Leslie Padrnos, M.D.

8:05 AM **TOPIC: Hemophilia Therapy Updates**
SPEAKER: Ewa Wysokinska, M.D.
1. Discuss advances in factor replacement therapy
2. Discuss rebalancing therapy

8:25 AM **TOPIC: Gene Therapy Update**
SPEAKER: Rajiv Pruthi, M.B.B.S.
1. Discuss gene therapy for hemophilia A
2. Discuss gene therapy for hemophilia B

THEME 1: **Hemophilia Advances**
Moderator: Leslie Padrnos, M.D.

8:50 AM **TOPIC: Factor Inhibitor Management**
SPEAKER: Meera Sridharan, M.D., Ph.D.
1. Discuss management of inhibitors in patients with congenital hemophilia
2. Discuss diagnosis and management of acquired hemophilia A

9:15 AM **TOPIC: Laboratory Monitoring for Hemophilia in the Era of New Therapeutics**
SPEAKER: Rajiv Pruthi, M.B.B.S.
1. Highlight optimal assays for monitoring factor replacement therapy
2. Discuss consideration of lab monitoring for patients on emicizumab, rebalancing therapies and gene therapy

9:40 AM **Q&A Panel**
Panelists: Ewa Wysokinska, M.D.; Rajiv Pruthi, M.B.B.S.; Meera Sridharan, M.D., Ph.D.

10:05 AM **Break**
Valley Ho Room I-II (Break and exhibits)
Main Place Courtyard (Overflow)

THEME 2: **Hemostasis Potpourri**
Moderator: Rajiv Pruthi, M.B.B.S

- | | |
|----------|---|
| 10:30 AM | <p>TOPIC: Understanding Newer Assays and Genetic Testing
SPEAKER: Julianna Perez Botero, M.D.</p> <ol style="list-style-type: none">1. Discuss updates on assays for VWD2. Discuss role of genetic testing for VWD and Inherited platelet disorders |
| 10:55 AM | <p>TOPIC: von Willebrand Disease: practice update
SPEAKER: Leslie Padnos, M.D.</p> <ol style="list-style-type: none">1. Discuss diagnosis of Von Willebrand disease2. Discuss the management of Von Willebrand disease |
| 11:20 AM | <p>TOPIC: Heavy menstrual bleeding: How hematologists can help
SPEAKER: Julianna Perez Botero, M.D.</p> <ol style="list-style-type: none">1. Discuss tools to help quantify menorrhagia2. Discuss hemostatic laboratory testing3. Highlight non-surgical treatment approaches |
| 11:45 AM | <p>TOPIC: Hemostasis in Trauma
SPEAKER: Pierre Noel, M.D.</p> <ol style="list-style-type: none">1. Discuss an approach to managing hemostasis in the setting of trauma2. Review management of massive transfusion protocol |

THEME 2: **Hemostasis Potpourri**
Moderator: Rajiv Pruthi, M.B.B.S

12:10 PM **Q&A Panel**
Panelists: Jansen Seheult, M.B., B.Ch., B.A.O., M.D.; Leslie Padrnos, M.D.; Julianna Perez Botero, M.D.; Pierre Noel, M.D.

12:30 PM **Lunch**
Valley Ho Room I-II (Lunch and exhibits)
Main Place Courtyard (Overflow)

THEME 3: **Platelets**
Moderator: Ewa Wysokinska, M.D.

1:30 PM
(40 Mins) **TOPIC: Updates in Immune Thrombocytopenia**
SPEAKER: Adam Cuker, M.D.
1. Identify new treatment regimens for ITP
2. Discuss strategies to manage refractory ITP

2:10 PM **TOPIC: Qualitative Platelet Testing: What and When to Order**
SPEAKER: Dong Chen, M.D., Ph.D.
1. Discuss tools for evaluation of qualitative platelet disorders
2. Identify appropriate clinical situations to obtain qualitative platelet testing

THEME 3:

Platelets

Moderator: Ewa Wysokinska, M.D.

2:35 PM

TOPIC: Qualitative Platelet Disorders

SPEAKER: Zoey Harris, M.D.

1. Discuss clinical presentation of qualitative platelet disorders, acquired and congenital
2. Review management strategies

3:00 PM

TOPIC: Thrombotic Microangiopathy Updates

SPEAKER: Meera Sridharan, M.D., Ph.D.

1. Discuss updates in treatment of TTP
2. Discuss updates in treatment of CM-TMA

3:25 PM

Q&A Panel

Panelists: Adam Cuker, M.D.; Dong Chen, M.D., Ph.D.; Zoey Harris, M.D.; Meera Sridharan, M.D., Ph.D.

3:45 PM

Non-CME Product Theater: CSL Behring (OPTIONAL, NO CME)

Valley Ho Room I-II

4:45 PM

Adjourn Product Theater

Friday, October 24, 2025

THEME 4: **Vascular**
Moderator: Marwan Shaikh, M.D.

7:00 AM **Breakfast and Exhibitors**
Valley Ho Room I-II (breakfast and exhibits)
Main Place Courtyard (Overflow Breakfast)

8:05 AM **TOPIC: Developing Best Imaging Practices**
SPEAKER: Mark Sugi, M.D.
1. Pros and Cons of different imaging practices in venous thromboembolism detection
2. Review best practices for detecting May Thurner anatomy

8:25 AM **TOPIC: Hereditary Hemorrhagic Telangiectasia**
SPEAKER: Vivek Iyer, M.D., M.P.H.
1. Discuss diagnosis of HHT
2. Discuss management of HHT

8:50 AM **TOPIC: Understanding the Bleeding Risk from Ehlers-Danlos Syndrome**
SPEAKER: Stephen Thome, M.D.
1. Describe the pathophysiology and clinical presentations of Ehlers-Danlos Syndrome

THEME 4:**Vascular****Moderator: Marwan Shaikh, M.D.**

2. Review hemostatic management strategies for Ehlers-Danlos Syndrome patients

9:15 AM

TOPIC: Antithrombotic Management in the Post-vascular Intervention Setting**SPEAKER: Fadi Shamoun, M.D.**

1. Discuss the differences in antithrombotic management for arterial and venous thrombosis/stenosis
2. Review antithrombotic management for common vascular procedures

9:40 AM

Q&A Panel**Panelists: Mark Sugi, M.D.; Vivek Iyer, M.D., M.P.H.; Stephen Thome, M.D.; Fadi Shamoun, M.D.**

10:00 AM

Break

Valley Ho Room I-II (Break and exhibits)
Main Place Courtyard (Overflow)

THEME 5:**Thrombosis****Moderator: Surbhi Shah, M.B.B.S.**

10:30 AM

TOPIC: Dr. William Nichols Keynote Lecture: Anticoagulation in Challenging Scenarios**SPEAKER: Stephan Moll, M.D.**

THEME 5:

Thrombosis

Moderator: Surbhi Shah, M.B.B.S.

1. Review how to manage recurrent thrombosis despite anticoagulation
2. Discuss strategies for temporarily discontinuing anticoagulation in high-bleeding risk situations

11:10 AM

TOPIC: Thrombophilia Assays: when to order and what to do with the results

SPEAKER: Damon Houghton, M.D., M.S.

1. Identify the target population to test for thrombophilia
2. Review testing in family members

11:35 AM

TOPIC: Perioperative Management of Heparin Induced Thrombocytopenia

SPEAKER: Ana Casanegra, M.D., M.S.

1. Discuss how to manage HIT in the preoperative setting
2. Discuss when and how to rechallenge patients with heparin when required during cardiopulmonary bypass

12:00 PM

Q&A Panel

Panelists: Stephan Moll, M.D.; Damon Houghton, M.D., M.S.; Ana Casanegra, M.D., M.S.

12:30 PM

Lunch

Valley Ho Room I-II (Lunch and exhibits)

Main Place Courtyard (Overflow Breakfast)

THEME 6:

CBC Abnormalities

Moderator: Ronald Go, M.D.

1:30 PM

TOPIC: Approach to Neutropenia

SPEAKER: Surbhi Shah, M.B.B.S.

1. Discuss diagnostic algorithm for neutropenia
2. Discuss treatment of neutropenia with a focus on neutropenia of unknown etiology

1:55 PM

TOPIC: Understanding Varying Ferritin Assays and Clinical implications

SPEAKER: Marwan Shaikh, M.D.

1. Provide an overview of the different ferritin assays
2. Understand the clinical impact of varying ferritin assays

2:20 PM

TOPIC: CAR T-cell Therapy for Classical Hematology

SPEAKER: Madiha Iqbal, M.B.B.S., M.D.

1. Describe Car-T cell therapy process
2. Describe use of Car T cell Therapy in Classical hematology disorders

2:45 PM

TOPIC: Approach to JAK2 negative Erythrocytosis

SPEAKER: Candido Rivera, M.D.

1. Discuss diagnostic approach for JAK2 negative erythrocytosis
2. Discuss management of Jak2 negative erythrocytosis

THEME 6: **CBC Abnormalities**
Moderator: Ronald Go, M.D.

3:10 PM **Q&A Panel**
Panelists: Surbhi Shah, M.B.B.S.; Marwan Shaikh, M.D.; Madiha Iqbal,
M.B.B.S., M.D.; Candido Rivera, M.D.

3:30 PM **Non-CME Product Theater: Agios (OPTIONAL, NO CME)**
Valley Ho Room I-II

4:30 PM Adjourn Product Theater

Saturday, October 25, 2025

THEME 7: **TOPIC Hemolytic anemia**
Moderator: Meera Sridharan, M.D., Ph.D.

7:00 AM **Breakfast and Exhibitors**
Valley Ho Room I-II (breakfast and exhibits)
Main Place Courtyard (Overflow Breakfast)

THEME 7:

TOPIC Hemolytic anemia

Moderator: Meera Sridharan, M.D., Ph.D.

8:00 AM

TOPIC: Understanding Autoimmune Hemolytic anemia

SPEAKER: Ronald Go, M.D.

1. Review diagnosis of autoimmune hemolytic anemia
2. Discuss management of autoimmune hemolytic anemia

8:25 AM

TOPIC: Approach to non-immune hemolytic anemia

SPEAKER: Richard Godby, M.D.

1. Describe diagnostic approach for non-immune hemolytic anemia
2. Highlight treatment options

8:50 AM

TOPIC: Management of Sickle Cell Disease

SPEAKER: Mustaqeem Siddiqui, M.D., M.B.A.

1. Recognized common complications of sickle cell disease and typical management approaches
2. Discuss disease modifying therapies, gene therapy, and transplant

9:15 AM

TOPIC: Hemoglobinopathy lab assessment

SPEAKER: Jennifer Herrick, M.D.

1. Recognize laboratory assays available for hemoglobinopathy diagnosis

THEME 7: **TOPIC Hemolytic anemia**
Moderator: Meera Sridharan, M.D., Ph.D.

9:40 AM **Q&A Panel**
Panelists: Ronald Go, M.D.; Richard Godby, M.D.; Mustaqeem Siddiqui, M.D., M.B.A.;
Jennifer Herrick, M.D.

10:00 AM **Break**
Valley Ho Room I-II (Break and exhibits)
Main Place Courtyard (Overflow)

THEME 8: **Miscellaneous**
Moderator: Candido Rivera, M.D.

10:30 AM **TOPIC: Classical Hematology's Role in Oncology Consults**
SPEAKER: Donald Northfelt, M.D.
1. Describe a framework for evaluation of cytopenias in the setting of oncology consults
2. Review updates of anticoagulation management in the setting of malignancy

10:55 AM **TOPIC: PNH**
SPEAKER: David Dingli, M.D., Ph.D.
1. Discuss clinical presentation and diagnosis of PNH
2. Discuss treatment of PNH

THEME 8:

Miscellaneous

Moderator: Candido Rivera, M.D.

11:20 AM

TOPIC: Monoclonal gammopathy of thrombotic significance

SPEAKER: Anand Padmanabhan M.D., Ph.D.

1. Recognize that monoclonal anti-Platelet Factor 4 (PF4) antibodies can mediate thrombosis in a condition referred to as monoclonal gammopathy of thrombotic significance (MGTS)
2. Discuss heterogeneity in clinical presentation and serology in MGTS

11:45 AM

TOPIC: AI in Classical Hematology

SPEAKER: Jansen Seheult, M.B., B.Ch., B.A.O., M.D.

1. Describe applications of AI within the classical hematology laboratory practice
2. Describe application of AI within the classical hematology clinical practice

12:10 PM

Q&A Panel

Panelists: Donald Northfelt, M.D.; David Dingli, M.D., Ph.D.; Anand Padmanabhan M.D., Ph.D.; Jansen Seheult, M.B., B.Ch., B.A.O., M.D.

12:30 PM

Lunch

Main Place Courtyard

1:00 -
3:00 PM

Poster Presentation: In-Person Attendees Only

Valley Ho Room I-II
